

Dorado Country Club Estates
Master Road Committee Annual Report for 2025

The Master Road Committee was very successful not spending funds that were not allocated to the committee in 2025. With a limited budget, the committee focused on patching potholes that frequently occurred. Committee members went out once a quarter to blow out the potholes and then fill with asphalt.

We look forward to a more productive 2026!

Sincerely,

Debbie Yob

Master Road Committee Chair
