

## Dorado Master HOA Social Committee

Notes from meeting held on March 31, 2026

Committee members present: Nancy Berg, Charly Farritor, Holly Colonna

Since many residents leave in the summer and because of the extreme heat, it was decided that the next big event will be the annual Oktoberfest in the fall.

In the meantime, May is the fifth anniversary of Generation Golf operating the course. The social committee decided to recognize the wonderful work that they have done improving Dorado Golf Course and acknowledge and thank the employees. Everyone in our community benefits from the course whether they are golfers or not. Letting Generation Golf know how grateful we are is something worth celebrating. The social committee will provide pizzas for the employees on May 1st. Please encourage all residents to continually recognize the course employees and say "thank you."

We are kicking around some new ideas and will keep everyone posted.
