Master Association
Rules Committee
Report for April 2025 Board Meeting

The Rules Committee met several times since the March Board meeting. Topics and issues covered during these meetings:

- The third CC&R ballot counting session was held on Friday, March 28th.
 - Six of the twelve ballot auditors were present. Several were excused since no ballots were received from their respective Sub-Associations.
- To date, the total number of ballots received is below 50%.
 - Reminder emails were sent out on April 2nd to 202 homeowners.
 - Reminder postcards were sent out on April 2nd to 108 homeowners for whom we did not have email address. Those postcards began arriving on April 4th.
 - Homeowners' failure to return their ballot is the biggest challenge as April 30th election deadline approaches.
- Next Steps:
 - On March 29th, individualized lists of homeowners who had not voted as of March 28th were sent to all twelve (12) Sub-Association Secretaries, Directors and Presidents. The Committee asks their help in "getting out the vote".
 - By mid-April, direct contact with homeowners who have not voted will begin and continue until the end of the month.

Respectively submitted,

Rich Robertson
